Re: Proposed Enewetak Meeting

Dear Mr. Pevec:

In response to your letter of December 19, 1997, we will be pleased to arrange a meeting on February 2 and 3, 1998, in Las Vegas, Nevada, to discuss the results of Dr. William Robison's environmental monitoring at Enewetak Atoll. I regret that other plans for myself and Dr. Paul Seligman will preclude our being able to attend a meeting at that time; however, Mr. Tom Bell and Mr. William Jackson of our office will attend.

Please contact Mr. Jackson on (808) 422-9203 with respect to the exact time and location of the meeting.

Sincerely,

A handwritten signature in black ink, which appears to read "Frank Hawkins", is written over the typed name.
